*Problem solver with the ability to transform vague ideas into client pleasing results. Strong grasp of both front-end and back end development with a deep background in many facets of graphic design in print and digital mediums. Proven track record of delivering quality work while managing dozens of projects on tight deadlines. Vast knowledge of the entire Adobe Creative Cloud paired with design skills to create unique branding, typography, and design layouts. Constantly expanding knowledge of web development including HTML5, CSS and SCSS, jQuery, Vue JavaScript framework, PHP, SQL and NoSQL databases, and WordPress. Always in the pursuit of perfection.*

## EXPERIENCE

### WEB DEVELOPER INTERN 2-STORY

- Designed website mockups in Adobe XD.
- Developed responsive websites with HTML5, SCSS, and Bootstrap with jQuery for functionality.
- Used GreenSocks, ScrollMagic and other JavaScript/jQuery plugins to create advanced scroll and SVG animations.

### PRESENTATION DESIGNER DIRECT SUPPLY

- Designed presentations and high impact visuals for client meetings, corporate executive meetings, and large-scale customer events.
- Worked closely with many different internal clients and external customers to create concise and graphically engaging experiences.
- Sole presentation designer on staff, demanding a high level of autonomy and responsibility.
- Worked as part of a creative team to dramatically increase customer's reception of events.
- Served the creative team as backup photographer, videographer, video editor, and event staff/sound technician.

### PHOTOGRAPHER VONTOGRAPHY

- Mastery of portrait photography, processing, and retouching.
- Developed relationships with hundreds of clients.
- Delivered high quality photos that inspired repeat bookings.
- Built rapport with subjects in order to create a relaxing and natural photo environment.

### GRAPHIC DESIGNER INET-WEB

- Crafted websites with industry-leading designs while meeting client's business objectives.
- Partnered with the development team to create dynamic webpages.
- Developed print materials used to create buzz, distribute information, and generate interest.
- Created branding that fit the client's needs while staying unique.
